Courtney Kienow

Hi Michelle, I hope you're having a great day! We are very much looking forward to the council meeting tonight and our presentation to you all.

I wanted to give a heads up that, as you may know, we were invited to council to give our annual update on enrollment and housing. We will not be responding to questions on any other topics/issues. We always look forward to talking with your leadership team and council about any pressing issues, anytime but it's Mike, Jo, Terrance and me and we don't have the subject matter experts on all issues able to attend. Please feel free to call anytime today if you want to talk through this.

Otherwise, see you soon!

Michelle Shoresman

Understood and See you then.
